

# One thousand and one nights

Han Seung-lee - Jeon Jin-Sook

**E**veryone knows the story of Shakespeare's first successful play, *A Midsummer Night's Dream*. For one thousand years, the story that Shakespeare told has delighted audiences the world over. But what if you could live in this magical world? What if you could be a part of the story? In this novel, we follow a young girl who is sent to live in a magical world, one that is as real as the world we live in. She is sent to live in a world where the rules are different, where the magic is real, and where the story is just beginning.

## One thousand and one nights

This novel is based on one of the greatest classical tales, *A Midsummer Night's Dream*, and brings you a story for another thousand and one nights.
